

the PLUMIE of Tau Epsilon Phi

VOLUME LXXII

JAN—FEB—MARCH 1979

NUMBER 1

— Convention '79 — TEP World, Orlando, Florida

TEP has held many International Conventions in Florida, but for the first time the '79 meeting will be in Orlando, the site of Disney World, Sea World, Circus World, Stars Hall of Fame, and from August 8th - 12th — TEP World! Once again, the Convention will be held in conjunction with the Delta Phi Epsilon Sorority.

The Convention Committee has planned an extraordinary program of events designed to allow Delegates and their families time to enjoy Disney World and the many other attractions of Orlando.

The Convention formally opens (following registration) on Wednesday, August 8th, with a lavish buffet dinner and cocktail party. A short business meeting will follow. Thursday, with the exception of a business meeting from 9 - 11 A.M., will be *open all day* so that Delegates and their families may enjoy the wonderful attractions that abound in Orlando including Disney World. For those who are more athletically inclined, the Orlando Marriott features complimentary miniature golf, lighted tennis courts, a putting green and nearby an 18 hole championship golf course.

The Convention gets down to business on Friday. Business sessions are scheduled for morning and afternoon. Following lunch, the SCHOOL OF FRATERNALISM will be held. In the evening, the first banquet will feature the presentation of undergraduate and Chapter awards for outstanding achievement during the year. Saturday, August 11th, will be devoted to concluding the business of the Convention. The Gala Formal Installation Banquet will be held that night. In addition to other

alumni awards, the TEPman of the year will be presented and the new Grand Council will be sworn in.

The Convention concludes on Sunday with a full course brunch.

The complete package includes lodging; Continental breakfast each morning; luncheon on Friday and Saturday; the cocktail party and buffet dinner on Thursday night; the banquets on Friday and Saturday evenings; and the concluding brunch on Sunday morning.

A \$10 discount on the complete package is available to Life Sponsors, dues paying alumni and active undergraduates.

A reservation form is on page 8.

Complete package	Regular	Dues payer discount
Three in a room	\$146.00	\$136.00
Two in a room	\$180.00	\$170.00
Single	\$260.00	\$250.00

Individual meals

Wednesday night cocktails and dinner	\$20.00
Friday Luncheon	7.75
Friday Undergraduate Awards Banquet	11.75
Saturday Luncheon	6.50
Saturday Formal Installation Banquet	16.00
Sunday Farewell Brunch	8.00

Payment for individual meal functions must be made at least 48 hours in advance.

Prices include all taxes and gratuities.

Tau Beta Hosts Mid-Atlantic Conclave

TEP's from seventeen Chapters and Colonies gathered at the College Park house to share problems, solutions and ideas on Rush, Pledge education, finances, house management and parties.

The Brothers also had the chance to see the "Corporate end" of the International Fraternity by sitting in and participating in the Grand Council and SSAF meetings the weekend of February 16-18.

Tau Delta Re-colonized

BY unanimous vote, the Grand Council formally accepted a petition to re-colonize our chapter at Ohio State University. The petitioning group hopes to be Chartered as a Chapter by Homecoming '79. The Central Office owes a word of thanks to Brother Les Evans, TD 457, for putting us in touch with the group.

Alumni Notes

Bro. Thomas J. DiValerio, Sigma Epsilon (Rutgers-Camden) was recently appointed assistant director of Student Life and Programs at Bucks County Community College (Pennsylvania). Tom's duties include planning, development and implementation of programs and policies for student social, cultural, educational and recreational activities as well as advising the student government, alumni association and day care center.

Bro. Mark Lopofsky, Epsilon Tau (Bradley University), has been appointed Assistant Division Manager in Chicago, Illinois at Philip Morris U.S.A. Bro. Lopofsky was previously a Sales Representative, having joined the company in 1976.

Bro. Les Maddern, Nu (University of Georgia) is teaching a course in introductory social work offered by the extension division of Mercer College at the Atlanta Federal Penitentiary. Les is a member of the Grand Council.

Bro. Paul Sheeler, Epsilon Phi (Penn State) has joined the brokerage firm of Merrill Lynch in State College. Paul is advisor to the Penn State TEPs.

Bro. William E. Silver, M.D., Mu (Emory) has been elected president of the medical staff of Shallowford Community Hospital (Atlanta).

Bro. Sidney Suntag, Epsilon (Fordham University) was recently elected president of the prestigious Progressive Club in Atlanta.

Positions Available in the "Frat Field"

From time to time the Central Office receives notices of positions available in the fraternity or student life fields. These will be listed as space is available. For more information, contact the Central Office or the school.

Georgia Institute of Technology (Atlanta) Assistant Dean of Students/Advisor to Fraternities

University of Georgia (Athens) Advisor to Fraternities

University of Iowa (Iowa City) Student Activity and Campus Program Consultant (two positions)

Chapter Eternal

Bro. Saul Andelman, Lambda (Harvard)
Bro. Herman Gerber, Tau Beta (University of Maryland), a chapter founder
Bro. Kenneth Halpern, Tau Xi (University of Miami)
Bro. Steven Jacobs, Rho (University of Pennsylvania)
Bro. Samuel Jacobson, Eta (Tufts)
Bro. Leonard J. Lanie, Tau Xi (University of Miami)
Bro. Charles H. Mann, Tau Upsilon (UCLA)
Bro. Roger Meddin, Nu (University of Georgia)
Bro. Myron Osrowitz, Beta (NY College of Dentistry)
Bro. Steven R. Santandreu, Phi Omicron (Western New England College)
Bro. Charles F. Schroeder, Omega (University of North Carolina)
Bro. Alan J. Seeling, Epsilon Lambda (CCNY)
Bro. Seymour Siegel, Rho (University of Pennsylvania)
Bro. Benjamin Spritz, Eta (Tufts)
Bro. Nathan R. Tolk, Zeta (Bellevue Medical College)
Bro. Arthur Winebaum, Xi (MIT)
Bro. Amm Zorolow, Eta (Tufts)

Grand Council Actions

The Grand Council held its quarterly meeting in conjunction with the Mid-Atlantic Conclave over the Washington's Birthday weekend. Council established committees to review the role of the Fraternity at commuter Colleges, establish goals and objectives for the Fraternity's next five years and TEP 2000 to develop a comprehensive plan for the Fraternity as we enter the twenty-first century. Any Brother interested in serving TEP on any of the committees or the Grand Council is urged to contact the Atlanta office.

THE FOUNDERS TOAST TEP - (Top L-R) Lane Schlessel, Bro. George Mamo, Geoff Turoff, Eric "Flounder" Fisler, Mike Greenspun; (Front L-R) Ray Apfel, Brian Roth.

ENGAGEMENTS

Bro. Frank Baker, Nu (Georgia) to Susan Green
Bro. William Bottis, Tau Omega (University of Rhode Island) to Valerie DiLorenzo
Bro. Allan Davis, Epsilon Omega (PINY) to Lauren Eisenberg
Bro. William Estroff, Nu (Georgia) to Judi Levenstein
Bro. Glen Franck, Tau Alpha Kappa (Lehigh) to Christine Mango
Bro. Bruce Glanzberg, Sigma (Syracuse) to Robin Firetog
Bro. Steven Goldman, Epsilon Tau (Bradley) to Hallie Adelman
Bro. Sidney Levy, Nu (University of Georgia) to TEP Sweetheart Randi Stern
Bro. Edward Marion, Tau Omega (University of Rhode Island) to Irene Cappalli
Bro. David Matarese, Tau Omega (University of Rhode Island) to Lisa DelDonno
Bro. Bruce McIntyre, Tau Omega (University of Rhode Island) to Cathy Carnevale
Bro. Bob Pielow, Rho Delta Rho (IIT) to Jennifer Locke
Bro. Leonard Ponessi, Sigma Epsilon (Rutgers-Camden) to Doris Willis
Bro. Kenneth Rotman, Psi (University of Illinois) to Kathy Kreeger
Bro. Bill Spaeth, Rho Delta Rho (IIT) to Jean Murphy

BIRTHS

To Bro. & Mrs. Richard Sartlitt, Epsilon Pi (Marietta) a future TEP, Brian Adam

The Plume official publication of Tau Epsilon Phi Fraternity George W. Mamo, Managing Editor

Address all communications to THE PLUME of Tau Epsilon Phi, Editorial Office, 3272 Peachtree Road, N.E., Suite 358, Atlanta, Georgia 30305.

Published Quarterly by Tau Epsilon Phi Fraternity, Inc., at 3272 Peachtree Road, N.E., Suite 358, Atlanta, Georgia 30305. Mailed regularly to National Chapter members, dues \$15.00 per year, which includes membership of \$5.00 and subscription of \$10.00. Second class postage paid at Atlanta, Ga. Publication Number 436260.

SUNTAG SCHOLARSHIP DRIVE

Contributions Top \$10,000

THE Suintag Scholarship drive begun just over a year ago by the Trustees of the Scholarship and Student Aid Fund has already raised over ten thousand dollars from TEP alumni and friends.

The Trustees have appointed a committee to establish the qualifications and award amount for the Suintag Scholarship. It is hoped that the first recipient will be named at the Orlando Convention.

An Open Letter

Words cannot express my gratitude to the hundreds of Teps and friends who have been responsible for the establishment of the Sidney S. Suintag Scholarship Award. The outpouring of affection and appreciation through letters, and contributions to the TEP Scholarship and Student Aid Fund in my name have truly overwhelmed me. I really wish I could respond to you individually to thank you for your thoughtfulness which will enable the Fraternity to assist needy students. Regretfully, lack of time and facilities precludes my doing so.

I therefore want to take the opportunity through this open letter, to thank you from the bottom of my heart for making it possible for my name to be forever associated with Tau Epsilon Phi through scholarship assistance. As I enter retirement from my duties as Executive Secretary of the Fraternity, this wonderful gesture on your part will give me the added comfort to know that you appreciated my many years of service to Tau Epsilon Phi.

Thank you and God bless you all.

Fraternally,
Sid

spect. We garnered the prestigious UMO Sign Chi Scholastic Award for the Spring semester and during banquet festivities this fall, Dean William Lucy spoke highly of Tau Zeta. The headline read: "TEPs are scholars!"

If only the U.S. Distilled Spirits Council knew our record too!

For the first time in modern Tau Zeta history, two natural Brothers have held the president's position. Bro. David Greer will follow in the footsteps of older Brother Steven.

In closing, we're making a call to all Tau Zeta and other TEPs who would like to share in celebrating our 50th next fall. I promise, Maine is not as obscure as they say it is.

As one old timer said, "That's right, ayuh."

Tau Iota — Dalhousie Univ.

WRITING an article for the PLUME should be a time-consuming process, yet when one writes the morning after their ball, so George can assure his publication on his immediate return, it may be hastily written and inept.

What we, Tau Iota, would like to say is — we exist. As the only Canadian chapter we feel isolated and somewhat insecure as a fraternity. We are within ourselves a strong fraternity, yet a weak link in the international spectrum, both on our provincial and national office's. We are trying to improve our part and ask for help on your side.

Tau Iota is just concluding its "Ball Weekend." The weekend has been a great success including a brewery tour, disco, brunch with our little sister, pinball and ping pong tournament, formal ball, and, as I am writing this, a Steak Stag. As I said, it was a great success. Major awards, given at the ball, included: Victor Fineberg — the Chancellor, Mark Bernick — Academic Achievement, Michael Smith — M.V.P. baseball, Mois Sadofsky — M.V.P. football, Peter Waller — Pledge-of-the-year, Samy Furman & Jeff Cohen — pinball champs, and Mark Chernin — card sharer.

To conclude we wish all brothers success as the school year approaches its conclusion. Tau Iota looking forward to the upcoming convention as we perceive it will be as much a success as other events Tau Iota participates in.

Rho Delta Rho — I.I.T.

THE Spring semester at the Rho Delta house truly a welcome sign of relief — the rekindling of friendships, the inspiration of new house leadership, the arrival of fresh, new faces, and the numbing reality of cheap drinking, cheap women, and a Cheap Trick.

Rushing is a particular problem here — the typical I.I.T. student is a tall, skinny foreign male with three ballpoint pens clipped to his shirt, and a leather case hanging from his belt containing a calculator, strapped to his thigh with a strip of rawhide as if it were a gun in a holster. Although the idea of having a paganistic party — complete with vats of golden ale and dancing wenches — was kicked around, the Brotherhood decided to impress the freshmen with one of our usual beer drinking, hell-raising parties. It was held in a basement (since then dedicated to the god Bacchus). Generous supplies of pizza, beer, and Luc Strikes were available to all who attended. The rock 'n roll was loud and mean, with the dance floor quivering under the clumsy grace of two couples above. The sauce was flowing like water and the purple Jesus punch was gone by midnight. Fried eggs and bacon fat at Greasy Ed's Grill completed a successful rush event.

Tau Omega — Univ. of Rhode Island

CHAPTER NEWS

EDITORS NOTE: The new editorial policy is to require an article from every active chapter and colony. We advised that failure to submit an article would be noted.

For example, take our mixer (please!) with the AXO Sorority at 7:30 A.M. one cold January morning. "Always expect the unexpected" describes the event as we were all dragged out of our beds at 6:30 in the morning (with the house's heating oil supply empty) by two Brothers who secretly planned the mixer.

Moving right along, during the weekend of January 20, most of Omega cruised down to the UGA, Athens campus to enjoy a mixer with the SDT Sorority. Even though the weather was downright horrible, we all had a great time partying and watching the Heels rip Maryland, 54-53!

Finally, we want to especially thank all those who "attended" our Phantom Dinner Dance. We raised over \$1000 which will be used for house restoration.

Tau Alpha — Univ. of Florida

THE Tau Alpha chapter is once again a major motivating force on campus. Our 68 pledges, along with well over one hundred Brothers were involved and winning at service, academics, and athletics. Service projects have included a softball game with a juvenile detention center, a Christmas party for the entire pediatrics ward at a local teach-

Delta — Cornell Univ.

TEP is alive and well and thriving in snowy Ithaca, N.Y. After our most successful rush in 4 years, house spirits were high in TEP's oldest active chapter. Andy, Marc, Joe, Lee, Mark, Pete, John, Rodney, Bill, Craig, Mike, Neil, Dave, Andy, and Rich have a fun semester of pledging to look forward to. The social program made an immediate success with "Casino Night." Participants gambled for valuable prizes given out at the end of the night. Upcoming events include parents' weekend and disco night. Delta chapter is very active in Cornell's intramural program this year. We are sporting competitive teams in basketball, hockey, bowling, softball and skiing this semester.

Brother Mamo's visit last semester was very revitalizing. We welcome his youth and enthusiasm as the new Executive Secretary. We wish him well from Delta chapter.

Nu — Univ. of Georgia

THIS year Nu chapter had one of its most successful rushes in many. With the help of rush chairmen Joe Brown and Alan Zimmer, our chapter pledged 34 men this fall.

In November we held our annual "Sorority Stunt Night" fund raiser for the Leukemia Society of America. We raised over \$3,000 and were awarded new den furniture and two trips to Las Vegas. Nu chapter thanks chairman David Pasternack.

On January 27 and 28 Parents' Weekend was held. The events included a seated dinner on Saturday followed by brunch and a question and answer period with Brothers Sid Suntag and George Mamo on Sunday.

Nu chapter celebrated its 60th anniversary on February 24 with a formal dinner and dance. Awards were presented to: Jeff Grosoff, Best Brother; Richard Gershon, Most Congenial; Sidney Levy, Best Athlete; and Al Karmelin, Meritorious Alumni Service. Jeff Grosoff also received the "Most Sincere Campaigner" award as he attempted to capture the first triple crown in Nu chapter history.

Psi — Univ. of Illinois

THE Psi chapter of Tau Epsilon Phi has been busy trying to stay "active" in the midst of one of the worst winters to hit Illinois. Luckily, our outstanding basketball team was able to escape the ice and snow in capturing a third place victory in one of the largest tournaments on the University of Illinois campus. Neal Deutsch received all tournament honors in leading TEPs to an excellent finish.

Psi will have several important visitors in the months ahead. In March, newly admitted freshmen from all over the state will be visiting the TEP house to participate in one of Psi's famous rush weekends. We hope to show them an excellent time and discover our future candidates. Equally important will be a visit from Executive Secretary George Mamo (as soon as we thaw out). The red carpet will be rolled out when the sidewalk is visible.

Our outstanding Parents' Club has been working hard to see that our social, academic, and philanthropic activities all blend into one desirable mix. Their enthusiasm, and ours, assures everyone that TEPs are TOPS at the University of Illinois.

Omega — UNC

TEP, Omega, has opened the 1979 Spring Semester with a stampede of activities and excitement.

For example, take our mixer (please!) with the AXO Sorority at 7:30 A.M. one cold January morning. "Always expect the unexpected" describes the event as we were all dragged out of our beds at 6:30 in the morning (with the house's heating oil supply empty) by two Brothers who secretly planned the mixer.

Moving right along, during the weekend of January 20, most of Omega cruised down to the UGA, Athens campus to enjoy a mixer with the SDT Sorority. Even though the weather was downright horrible, we all had a great time partying and watching the Heels rip Maryland, 54-53!

Finally, we want to especially thank all those who "attended" our Phantom Dinner Dance. We raised over \$1000 which will be used for house restoration.

Tau Alpha — Univ. of Florida

THE Tau Alpha chapter is once again a major motivating force on campus. Our 68 pledges, along with well over one hundred Brothers were involved and winning at service, academics, and athletics. Service projects have included a softball game with a juvenile detention center, a Christmas party for the entire pediatrics ward at a local teaching hospital, and once again winning the campus wide blood drive. In sports our results in track, volleyball, football, and basketball have again put us in competition for the President's Cup, the trophy for overall combined points in intramural sports over the year. Although we face a difficult task, we hope to improve on our record of last year, finishing first in service, second in athletics, and third in academics for the entire Florida Greek system. We are looking forward to hosting all of our brothers from around the nation at the International Convention in Orlando this August and showing you why the TAU ALPHA CHAPTER IS #1.

Tau Beta — Univ. of Maryland

TAU BETA RAISES \$9,300 TO FIGHT CANCER FRIENDSHIP. Chivalry and Service certainly shined through from October 19th to 22nd when Tau Beta of TEP won the Sixth Annual Campus Dance Marathon to fight Cancer.

For 72 hours, Brother Paul Wexler and Amy Germain from SDT sorority danced their way to a well deserved victory. The event, chaired by Brothers Rich Epstein and Dave Goldner, and Sue Aschanasi and Janet Wexler, from SDT, brought in a record \$62,000 of which \$9,300.00 was collected by TEP and SDT. Our collection was a new record for a single organization. Amy and Paul won a five day trip to the Bahamas and we share a \$2,000 scholarship prize with SDT. While the event proved successful for the Tau Betas, it was a great opportunity for the brothers and pledges to unite and work together on something to strengthen the name of TEP.

Tau Gamma — U.S.C.

TAU Gamma is still the only TEP chapter west of the great father of all waters, and we're doing rather well. After a few lean years, the house is once again climbing back to the stature that it had in days of yore. Our brotherhood is over twenty and steadily climbing. One reason for this resurgence is the fantastic parties that only we, the California TEPs know how to give. Halloween saw one of the wildest times ever had at this campus — our space theme party. The costumes were outrageous. Brother Mike Notarangelo and his date came as aliens in need of a hair transplant. And who can forget Brother Pete Landon's "Space Pimp" complete with a bevy of spacey beauties. Unfortunately, Pete was not open for business. Special guests of honor at the function were Darth Vader, impersonated by Dave Capps and Brian Shea as a twenty-first century Marine, who kept everyone in line.

U.S.C. is still in the midst of its spring rush and we will have one of the largest pledge classes on campus. Which only goes to show, we may be out-a-sight, but not out of our minds.

A special Hi Ho to our new Executive Secretary, George Mamo. Good luck in your new job from the men on the other side of the river!

Tau Zeta — Univ. of Maine

SOMEWHERE between Benedict Arnold's trail to Canada and the eastern-most point on the continental United States lies the Tau Zeta chapter of TEP. Situated on the campus of the University of Maine in Orono, Tau Zeta is nearing its 50th birthday on May 29 — and a big bash is planned to celebrate that accomplishment during Homecoming in the fall.

Tau Zeta is the home of "gentlemen and scholars," they say. Twice during the past semester, we made the headlines in our campus rag, *Maine Campus*, both favorable.

During the "Animal House" craze, the *Campus* did an expose on fraternities (I wish their reporter was Greek) and said of Tau Zeta, "TEP is known to have the most gentlemen." In other words, we treat the women the way they should be.

We are pretty proud of ourselves in another re-

Rho Delta Rho — I.I.T.

THE Spring semester at the Rho Delt house is truly a welcome sign of relief — the rekindling of friendships, the inspiration of new house leadership, the arrival of fresh, new faces, and the numbing reality of cheap drinking, cheap women, and Cheap Trick.

Rushing is a particular problem here — the typical I.I.T. student is a tall, skinny foreign male with three ballpoint pens clipped to his shirt, and a leather case hanging from his belt containing a calculator, strapped to his thigh with a strip of rawhide as if it were a gun in a holster. Although the idea of having a paganistic party — complete with vats of golden ale and dancing wenches — was kicked around, the Brotherhood decided to impress the freshmen with one of our usual beer-drinking, hell-raising parties. It was held in our basement (since then dedicated to the god Bacchus). Generous supplies of pizza, beer, and Lucky Strikes were available to all who attended. The rock 'n roll was loud and mean, with the dance floor quivering under the clumsy grace of the couples above. The sauce was flowing like water and the purple Jesus punch was gone by midnight. Fried eggs and bacon fat at Greasy Ed's Grill completed a successful rush event.

Tau Omega — Univ. of Rhode Island

THANKS to Tau Omega, the University of Rhode Island Rams were presented with a ram at Homecoming. That evening we held our Homecoming formal at a local restaurant. In addition to thirty-five Brothers, Pledges and their dates, we were privileged to have eleven alumni couples in attendance.

Edward Moran, our chef, was made an Associate Brother, by an overwhelming vote.

Our 14 man Rush class (the largest since reactivation) along with the 31 Brothers began a "Wild and Crazy" Bids Day celebration by meeting George Mamo at the train station singing TEP and "other" songs while riding in a borrowed school bus. This must have been George's most bizarre welcome to any chapter yet. The chapter took an immediate liking to him, affectionately nicknaming him "Captain Nemo." We took George home for a beer and pizza party (we consumed one and a half kegs as well as eighteen large pizzas), a Brother versus Pledge football game followed (the Brothers won 6-2), then a steak-roast, and finally an evening at a local establishment.

The Brothers and Pledges of Tau Omega would like to convey our thanks to Brother Suntag for his many years of service and devotion to our Fraternity and to wish Executive Secretary Mamo a prosperous and successful term.

Delta Upsilon — Duke Univ.

TEP CHAPTER FURTHERS CAUSE OF WORLD PEACE, WORKS TO IMPROVE U.S. RELATIONS WITH AFRICA

THE rapidly changing international scene is often the source of surprising turns of events. Just such a turn of events capped off one of the Chapter's more successful parties last spring.

The Brothers and their guests were discussing the state of the world, current events, and so forth, when someone remarked that it was most frustrating to simply sit and watch heads of state conduct the affairs of nations. We should be able to contribute to the cause of world peace. A hasty conference ensued, and under the direction of the Chancellor, Robert Chatten, the Committee for the Normalization of Relations with Uganda (CNRU) was organized. The Committee's first diplomatic initiative was to place a person-to-person call to President-for-Life Idi Amin Dada.

The Committee members waited until midnight (9:00 A.M. Kampala time) and then placed the call. After some hesitation on the part of the operator (who for some reason found the Committee's request unusual) we heard the magic words, "Hello, Kampala, this is White Plains . . ."

After explaining to two officers in Palace Security that the Committee wished to offer its good wishes to the President and to express its hopes for the normalization of our countries' relations, we learned that the President was not at home. The Committee has retained a recording of the entire call in the Chapter archives.

About a week later the local newspaper carried the following item:

"Amin Says Uganda Friends With U.S.

"NAIROBI, Kenya (AP) — President Idi Amin said Saturday Uganda will never change its "friendly attitude" toward the United States and that he regards all Americans as his friends . . ." Who says a few concerned and imaginative citizens can't make a difference?

Epsilon Eta — Drexel Univ.

DURING '78 we've added to our Brotherhood of 35 — three pledge classes totalling 38 candidates! And we're anticipating at least 10 more come spring.

We have also added a "new dimension" to E.H. — Little Sisters! At the moment six girls are pledging to be little sisters. Although they will have little to say in fraternity operations, their presence has enlightened the Brotherhood. More girls have expressed interest in our little sister program. We are

handling this with caution and nervous anticipation.

For the last three years we have finished second out of twelve in total sports victories. For the past three years our tennis team has won the IF cup. Our volleyball team, a weak link in our sports program, finished with a .500 record. Our football teams have gone 14-1 for the past 3 seasons only to lose in the finals all three times. The entire team less two is returning next season, look out! Our basketball squad has reached the playoffs two out of three seasons. This year we plan to take the championship. Our softball teams are playing .550 ball. Ping pong and chess are certain champions.

In 1980 we will be celebrating our chapter's twenty-fifth anniversary. With the incoming pledge classes we should number about sixty-five by then. We will be going into our second quarter century with full steam and with a growing membership. The future looks bright and that's why TEPs ARE TOPS.

Epsilon Rho — Brooklyn College

TEP STARS AT STEVENSVILLE

ON the last weekend in January, the Epsilon Rho chapter made its annual pilgrimage to the Catskills. This year we stayed at the beautiful Stevensville Country Club. Things went calmly until just after check-in. From then on, it was pandemonium.

Dinner was the time for our "rubber-rat" trick. Willie, the chapter's pet rat, was placed on an unsuspecting person's covered dinner tray, served by an unsuspecting waiter. We would have liked it better if the woman had not fainted.

When the sexy lifeguards saw us coming for our game of water football they felt a bit insecure. Their fears were not unfounded as brother Larry Wenig carried both of them across the goal line for his team's only score.

After the football game we tried our luck on the ski slopes. It turned out to be a lesson in futility, as most of us learned only how to slide down on our seats.

The wind up was a fun time and a sore ride home.

Epsilon Lambda — C.C.N.Y.

AN EPSILON LAMBDA LANDMARK

FOUR years ago Convent Avenue, which contains Hamilton Grange and used to be City College's fraternity row, was declared a New York City landmark. The Epsilon Lambda chapter, our only chapter in Harlem, is proud to be a part of this historic community.

In the neighborhood surrounding Hamilton Grange today, visitors observe a scene vastly changed from the sparsely settled agricultural community of the early 19th century. The Grange now stands amid busy thoroughfares, stately brownstone homes, churches, schools, and museums — all of which remind us that the growth of a city has brought many changes in the use of the land.

In December, community residents gather at the Grange to decorate an early American Christmas tree. And during the spring and summer, children's garden plots in the yard recall the horticultural interest of Alexander Hamilton himself during the last years of his life. The Grange today is a thriving community center in the midst of a crowded and cosmopolitan urban scene.

Epsilon Mu — Lehman College

EPSILON Mu Chapter is happy to announce the revival of an old tradition — our annual Christmas party for orphaned children. The party was a large success. The Brothers and Little Sisters of our Chapter each brought some form of refreshments. We had 25 children from the Bronx Developmental Center, and every one of them was very delighted when Santa came rolling in with his bag of gifts.

Epsilon Nu — R.I.T.

EPSILON Nu is enjoying another great year. The fall pledge class gave a new cassette tape deck to the house, just in time for our annual Christmas Party. Presents that were given out by Rich "Bumpa" Orsino (our new vice-chancellor) were enjoyed by all. As these words are being written, EN is still recovering from the "Night in the Tropics" party, where goldfish eating and limbo dancing were favorite activities.

Once again, TEP led all other Greek houses in selling Lollipops For Cancer, an annual event sponsored by the ASA sorority. But the thing on every Brother's mind is basketball. We are trying our hardest to capture a playoff berth. Led by Brian Lane (our new chancellor), the team has made a very good showing thus far (5-3 in the Greek League).

Epsilon Kappa — Tulane Univ.

EPSILON Kappa is constantly changing. Over the past few years, we've grown tired of having dull, expensive band parties, maintaining a burdensome meal plan, and funneling our cooperation into the upkeep of a costly and decadent looking fraternity house. Consequently we have dissolved our social and meal programs and have put 7113 Freret up for sale. Hard to believe? Well, we didn't really. But we had you going there for a minute, eh? Actually, socials have never looked better. The cordial studs at E.K. welcomed the women with our casual version of the Newcomb Tea. And as a primo follow-up, our very own fiendishly enterprising social chairman Jeff Wiener won over the hearts of the freshmen ladies with a Freshmen Girls Party, not to mention our famous New Orleans fire-water punch and an amazing band to get the place boogie-ing on down.

Phi Eta — Johns Hopkins Univ.

PHI Eta has just finished another successful Spring Rush (we do our rushing in the spring when the women are wild and the beer flows). It ended with the traditional open bar and dinner at Pearce's Plantation and champagne party at the house on Saturday, March 3rd. "Milton Freewater," rated "Baltimore's Best Band" by a local newspaper, rocked until 3 A.M. One of the highlights of the evening was when all past officers present, including Doug Warren, Mike Nieder, Fred Johnstone, Bubba Nelson, and Paul Denker, challenged each other to shots. Fred won with ten; Mike passed out after two.

We are currently leading university-wide in the Board of Intramural Athletics point competition. After coming in second to DU for the past two years, it would be good to come in first. For the Hopkins Spring Fair (April 20-22), we plan to hold a Casino Night in the Glass Pavilion on Saturday night and a dunking booth during the day.

Phi Eta sent out its second annual Alumni Newsletter in February. We hope that all alumni Brothers will respond and that they will attend the May 5th Celebration Happy Hour after the Hopkins (#1!) Navy Homecoming Lacrosse Game. Also, don't forget the Spring Blowout at the end of the semester.

Epsilon Phi — Penn State

WE'VE JUST PLEDGED THE LARGEST CLASS ON CAMPUS!!

WE here at Epsilon Phi chapter are now headed into our spring term under the outstanding leadership of our new chancellor, Elliott Berman. Elliott could not have picked a better time. With an exciting and full social and rush calendar, this spring looks to be one of our best.

Our new Brothers have added a lot of hard work and spirit to the house. The little sisters and their two newest initiates have also put a lot of work into TEP.

The Tau Tau alumni club has given their time and experience, and provided many new ideas on rush and other house activities. Our special thanks go to the club executives: Bob Driver, president; Jack Phillips, vice president; Mike Katzaman, treasurer; and Rich (gumba) Curtis, scribe and all of the other alumni that have pitched in and are too numerous to mention.

Our alumni weekend kicks off the morning of April 28, 1979 with our little sister picnic and things then progress to our now famous civil-war chugging party. We the brothers of Epsilon Phi chapter challenge any TEPs who think they are able to survive the ordeal, to come up and chug with the blue or the gray.

Epsilon Omega — Polytechnic Institute of NY

AFTER a slump, Epsilon Omega is definitely on the upswing. Membership is increasing and the house is looking better every day. Over last summer, our concrete front porch started to collapse, but with financial help from National, the Brothers began to rebuild it. Meticulous care had to be taken to make sure that we did not change the structure because we hope to apply for landmark status. The Brothers, under constant motivation from our Housemaster, Peter Junker, took time off from work to dismantle the old porch and rebuild the new one from the foundation up. But the cold weather set in and classes started before completion. So we turned our attention indoors. All the rooms in the house have been fixed up and we're at full occupancy.

We started the fall with an all-time chapter low of twelve active brothers. With the last class, we increased membership fifty percent to eighteen.

Socially, this was our best year in at least three. The highlight was our Halloween costume party where the best punch in the world was served with dry ice in the punchbowl for effect. Activities ranged from the usual dancing, pool, and ping pong to some really wild apple bobbing. Other events included our annual trip to Rhinebeck, NY for the WWI airshow, frequent trips to Long Island beaches and nightclubs, the New Year's Eve Party and several nights on the town in the Big Apple.

With help from the Alumni who are coming around in increasing numbers, our growing Brotherhood and the marked improvement in the condition of the house, it's clear that Epsilon Omega is definitely on the comeback!

Epsilon Pi — Marietta College

SEPTEMBER kicked off our most successful rush program in several years and brought a visit from our soon to be new Executive Secretary, George Mamo. Brother George helped the chapter straighten out its finances and proved to be a valuable help during rush. His visit was greatly appreciated.

As the year moved on, the brothers of Epsilon Pi became involved in charity work both on the campus and in the community at large. Several musicians in the house formed the TEP Jam Band and performed not only at house functions but also at college functions, including Marietta College's annual Family Day. And finally, the brothers of the EPI becoming concerned over the reported assaults of several women on campus formed the TEP Escort Service, offering escorts day or night, both to and from the campus.

banded together to redecorate the Library, Games Room and our Chapter room. The renovations consisted of repainting, replastering, new carpet and other structural improvements. We also repaired and weatherproofed some 50 windows, thus not only improving the house's appearance but keeping our heating costs down too.

In December we inducted the six men of our 23rd pledge class. Our annual Christmas wine-and-cheese party was an overwhelming success with more than 100 in attendance including various Deans, faculty, administrators and parents. In the near future, we are going to help the Variety Club of Philadelphia by sponsoring a marathon to help raise money for various children's organizations.

Phi Beta — Univ. of So. Florida

THE Phi Beta Chapter of the University of South Florida has dedicated the first half of the school year to making our TEP chapter the most prominent fraternity on campus.

We are very proud of having the largest first and second quarter pledge classes in the past several years. (We've increased our membership over 100% since the beginning of the year.) Our social program has also increased dramatically in the past few months.

Greeks at the University of South Florida are excited about the University's announcement of plans to build a "Fraternity Row." With the help of past Chancellor and Member of the Grand Council Alan Goldsmith we are re-building our Alumni Association; with their continued assistance, we hope to be one of the first houses on campus.

Tau Alpha Kappa — Lehigh Univ.

LAST October, Brother George Mamo paid a visit to our Chapter House. During his two-day stay, many of our members got the chance to talk extensively with him about TEP on the national level, as well as the specific problems that individual chapters encounter. When Brother George and I talked, the question came up, "What makes a strong house?" He stressed rush, scholarship, extra-curricular involvement, and alumni relations as the prime indications of a well functioning chapter house.

1978-79 has been a year when TEP-Lehigh has excelled in each of these areas! We are proud of our new pledge class, our high GPA, our involvement in school activities, and especially of our growing alumni association.

The Brotherhood of TAK Chapter, Lehigh University thanks the Plume for this opportunity to express our pride in our house, and our greetings to our Brothers around the country.

Phi Omicron — Western New England College

PHI Omicron, the 106th chapter of Tau Epsilon Phi, is now approaching our tenth anniversary. Though our chapter is small and young compared to many of your chapters, we are growing at an enormous rate. Our most recent pledge class was over ten times the size of the one before it.

Our annual activities at Phi Omicron include a Big Brother Picnic for the fatherless boys of the area, delivering pumpkins to the children in the hospital on Halloween, and raising funds for various organizations and charities. We also have our annual Awards Banquet for Brothers, Alumni and Parents.

Our Brothers take part in many extra-curricular activities, including the Student Senate, IFC president, head waiter, supervisor of the dining hall, members of security, the house council, inter-hall congress, resident advisors, upper-class advisors and many more vital positions on campus. Tau Epsilon Phi is definitely a powerful force here.

The Brothers of Phi Omicron would like to extend an open invitation to TEP Brothers to stop by our campus any time. We will make you feel at home.

Omega Upsilon Chi — Husson College

RUSHING and pledging activities are in full swing for this semester and begin February 19. We anticipate a good program for this semester with many possible prospects which should be very beneficial to OYX.

We have a service project set up for this semester with St. Michael's Orphanage here in Bangor. We feel that the project will benefit the brothers here at Husson along with gaining recognition here on campus. Future service projects are in process for this semester.

In conclusion we would like to congratulate George Mamo on his new position as Executive Secretary of TEP.

Pi Beta — Univ. of Maine (Presque Isle)

ON November 4, 1978, the Brothers of Pi Beta Colony celebrated their first anniversary. In one short year Pi Beta has grown from seven men to eleven active Brothers. We are now pledging nine men and hope to be chartered soon.

The TEP organization here is not represented by men only. We are proud to state that we have a Little Sisterhood of TEP. They too have grown quickly and, like us, are in the middle of their own pledge period. Our relationship is one which we feel is unique because we hold the same ideals. We have a deeply seated, mutual respect for each other and we work very well together.

Some of our past accomplishments and service projects included trick or treating for the YMCA world services organization. (A total of \$150.00 was raised.) We have also sponsored a young girl afflicted with Cystic Fibrosis. We have visited Min-

suspecting person's covered dinner tray, served by an unsuspecting waiter. We would have liked it better if the woman had not fainted.

When the sexy lifeguards saw us coming for our game of water football they felt a bit insecure. Their fears were not unfounded as brother Larry Wenig carried both of them across the goal line for his team's only score.

After the football game we tried our luck on the ski slopes. It turned out to be a lesson in futility, as most of us learned only how to slide down on our seats.

The wind up was a fun time and a sore ride home.

Epsilon Lambda — C.C.N.Y.

AN EPSILON LAMBDA LANDMARK

Consequently we have dissolved our social and meal programs and have put 7113 Freret up for sale. Hard to believe? Well, we didn't really. But we had you going there for a minute, eh? Actually, socials have never looked better. The cordial studs at E.K. welcomed the women with our casual version of the Newcomb Tea. And as a primo follow-up, our very own fiendishly enterprising social chairman Jeff Wiener won over the hearts of the freshmen ladies with a Freshmen Girls Party, not to mention our famous New Orleans fire-water punch and an amazing band to get the place boogie-ing on down.

Just a few weeks down the road, TEP attempts to stage its own version of "Streetcar Named Desire" as we delve into the Trolley Party. We'll be the envy of all New Orleanian commuters who ride public transit as we cruise and party down legendary St. Charles Avenue and palm tree lined Carrollton Avenue.

Congratulations to Todd Dowd and Ken Leggio for choosing to pledge the best fraternity on Tulane's campus — or on any campus for that matter — Tau Epsilon Phi.

into our spring term under the outstanding leadership of our new chancellor, Elliott Berman. Elliott could not have picked a better time. With an exciting and full social and rush calendar, this spring looks to be one of our best.

Our new Brothers have added a lot of hard work and spirit to the house. The little sisters and their two newest initiates have also put a lot of work into TEP.
